

The 8th International Conference of the Pan African Environmental Mutagen and Genomics Society (**PAEMGS**) and 10th International Conference for the Society of Free Radical Research-Africa (**SFRR-Africa**)

15 - 17 SEPTEMBER 2021

STELLENBOSCH | CAPE TOWN | SOUTH AFRICA

28 August 2020

Dear Industry Partner,

On behalf of the Pan African Environmental Mutagen and Genomics Society (PAEMGS) and the Society for Free Radical Research – Africa (SFRR-Africa) we would like to welcome you to our joint 2021 conference, earmarked to take place 15-17 September 2021 and to be held in the beautiful winelands town of Stellenbosch, 50km from the mother city, Cape Town, South Africa.

This 2021 Conference will take place at the Protea Hotel Marriott Stellenbosch at Techno Park, a leading conference venue in the heart of the Stellenbosch Winelands. The Conference Organisers expect between 200-300 delegates mostly from South Africa and other African countries and neighbouring Islands as well as from countries all over the world to participate. The topics of the conference include specific areas of interest such as free radical & redox biology, oxidative stress biomarkers for disease, environmental mutagenesis, genomics using the latest analytical “omics” technologies. A number of invited world-renowned scientists will be participating to make this conference a memorable event and participants will have the opportunity to meet these experts and science heroes!

The two Societies have been very successful in arranging scientific meetings in different African countries since 1992. The main aim of the PAEMGS is to encourage the study of mutagens, carcinogens and substances of related biological activity in the human environment, particularly those of public health importance in Africa, while that of the SFRR-Africa is to study the interaction between free radicals and antioxidants in health and disease development with relevance to biochemistry, biology, immunology, medicine, food technology, biotechnology, pharmacology and bio-physics. .

It is therefore a pleasure to invite you to exhibit your relevant products and latest technologies and/or applications for the research laboratory or be a sponsor to this joint meeting. Partnerships with Industry are critical for the development of our research field and companies may sponsor the event in various ways or participate in exhibitions.

Exhibitors:

The venue at the Protea Hotel Technopark in Stellenbosch that has been decided on was chosen particularly with sponsors and exhibitors in mind. Exhibiting companies can be assured of adequate exposure to congress delegates, as lunch and tea will be served in the exhibition area.

A limited number of 2x x 3m (6m²) exhibition areas are available at an early bird booking cost of R15 000 for the duration of the conference. A standard conference size table with table - cloth and two chairs will be supplied. The build-up will take place on Tuesday, 14 September 2021 and break down will be from 14:00-15:00 on Friday, 17 September 2021

Workshop opportunities are also available to exhibitors in the form of short dedicated 15-minute technical sessions (for an additional R3 000 to the exhibitor) that will take place during lunch times and/or poster sessions.

Why Exhibit at the PAEMGS & SFRR-A 2021?

- * Display your products and/or services to clients in the field
- * Get feedback on your products and/or services
- * Enhance your profile in the market and add value to your brand
- * Meet new clients and grow your database
- * Opportunity to introduce focussed/new product/s
- * An interactive marketing platform

Sponsors:

A number of sponsorship opportunities are available and you are invited to please indicate your participation on the attached form of intent and return to Janine Koeries on janinek@consultus.co.za at your earliest convenience. The logos of all sponsors will be added to the conference website upon receipt of payment.

We sincerely hope that you will support our conference and look forward to hear from you.

Best regards

Prof Jeanine L Marnewick

Conference Chair & President-elect: PAEMGS

Prof Theeshan Bahorun

Conference co-chair & President: SFRR-Africa
